

# THINKING OF YOU WEEK

'Send a card, deliver a Smile.'

20<sup>th</sup> - 26<sup>th</sup>  
September 2021

## Thinking of You Week

is an international movement to **celebrate** the benefits of **sending and receiving hand-written notes**. Research has shown that a hand-written note or greeting card is **much more meaningful** than a text or social media message. A card is often treasured for years, bringing the recipient **happy memories of the sender**. **Help keep the good vibes going** and consider sending a card or note any time, and especially during **Thinking of You Week, September 20-26, 2021**.
